ADVANCED WATER EDUCATION WORKSHOP: USING MODELS TO SIMPLIFY THE COMPLEX INTERACTIONS OF WATER IN THE VALLEY

Join us to enhance your knowledge about how scientists and engineers develop and use models to solve problems and ask questions about water in the city. After completing this workshop you will understand how:

- models are used to explain phenomena, analyze systems, and solve problems
- decision-makers deal with uncertainty in models
- modeling is an iterative process
- to use modeling in your classroom

Explore these and other themes as you meet researchers from ASU and U of A, local water and science experts, and adapt materials to enhance your current water education programs.

**WHEN:**
July 10-11, 2013  
9:00 am to 4:00 pm daily

**WHERE:**
Arizona State University,  
Decision Center for a Desert City  
Brickyard Orchid House,  
21 E. 6th Street, Suite 126-B, Tempe 85281

Stipend: $100  
Recertification credits available!

**REGISTER AT:** [http://cals.arizona.edu/arizonawet/workshops/current_workshops.html](http://cals.arizona.edu/arizonawet/workshops/current_workshops.html)

Registration is first come first served: maximum 35 participants

**OR MAIL OR FAX THE INFORMATION TO:**
Arizona Project WET  
The University of Arizona  
Water Resources Research Center  
350 N. Campbell Ave.  
Tucson, AZ 85719  
FAX: 520.792.8518

**QUESTIONS? CALL OR E-MAIL:**
Monica Elser
